A World Apart

The story of travel never becomes a bore, but rather it is constantly evolving. Your personal travel story begins with your first encounter with another culture, whether it is by visiting a foreign country, meeting locals, or simply exploring a different part of the world. This journey is not just about discovering new places, but also about learning from the experiences of others.

A World Apart offers a unique opportunity to explore the rich culture and history of Scandinavia, a region known for its stunning landscapes, historical landmarks, and vibrant cities. This program combines educational trips with cultural experiences, allowing you to gain a deeper understanding of the area's history and heritage.

Wake up to an unrivaled view of the city, and explore the canals of Copenhagen, the capital city of Denmark. You can also take a day trip to the Black Diamond library, which is one of the most beautiful buildings in the world.

Oslo, the capital city of Norway, is a treasure trove of history and culture. Take a trip to the ship museum to explore the ships of Norwegian explorer Thor Heyerdahl, including the balsa raft Kon-Tiki, which he sailed from Peru to Polynesia in 1947.

Copenhagen and Oslo are Joined by a Magnificent Cruise through the Oslo Fjord. Many locals come here to camp, fish, or hike along the fjord. You can take a scenic hike along the fjord and enjoy the beautiful coastal scenery before indulging in an authentic Norwegian meal.
