

2016 – 2017 AUBURN CLUB ASSIGNMENTS

The purpose of the board assignments is to strengthen the connection between the clubs and the Auburn Alumni Association. Each board member will act as a mentor to the clubs by providing support and encouragement. Contact with the club president should at least be once a month (either by phone or e-mail). The club program coordinator should be updated on all correspondence and copied on all e-mails sent to club presidents. Board members are encouraged to attend at least one club function a year, for each club assigned, and will notify the club program coordinator of which functions they will be attending.
